

RACI 12TH ANNUAL CONFERENCE

May 17-19 • 2018 @ the BP Energy Center, Anchorage, AK

Please join us as we meet with the top providers in emergency medicine and resuscitative science. Our program offers the most current updates to the science, and best practices of resuscitation and critical interventions care. Ranging from prehospital care, to where the data and science will lead us in the future. RACI meets the education needs of physicians and nurses involved with critical and emergency care, and EMS Providers of all levels.

Mini Resuscitation Academy

Join our Mini Resuscitation Academy. Get some hands on training in High Performance CPR, and discuss practical resuscitation training techniques. A teaser for an upcoming FALL 2018 Resuscitation Academy

EMS Skills Workshop

Get your State of Alaska & NREMT with our first Annual Skills workshop. Train with other providers in various EMS Scenarios designed to test your skills and knowledge. Work with experienced instructors from around Alaska, share some of your tips, & learn a few new ticks

Meeting of the Ravens Thursday May 17th • 12-5PM

Everyone is invited to attend the Northwest EMS Directors Assembly: A gathering of EMS Directors and Members from around the region, to network and share information.

Following the Raven's Meeting

Join ACEP Alaska

For a Pre-Conference Gathering.
